## TO TEACH BRAINERD TO "HOOVERIZE"

**Community Meeting at Brainerd Opera House Scheduled for Evening February 25**

**Speakers of National Prominence, Mrs William Ogden Wade and A. D. Wilson, State Food Administrator**

One of the most important meetings held in this section of the state in the interests of a community's part in the world war is scheduled for the Park opera house for Monday evening, February 25, when representatives of the government from Washington and St. Paul will explain just what it means to "Hooverize," how we are to intelligently carry it out and what it signifies to the nation and our individual selves now and in the very near future.

Mrs. William Ogden Wade, personally selected by Mr. Hoover to represent him in the campaign of education along lines of food conservation now being conducted all over the country, and A. D. Wilson, Minnesota Food Administrator, will be the speakers. The lectures will be free to the public, the high school orchestra will furnish music and an evening replete with vitally important lessons and advice is assured the public. The invitation is general, not only to Brainerd people but to residents of Crow Wing county and this vicinity and the opportunity is one which should not be overlooked. These speakers are making a campaign in this state as well as other states, speaking under the auspices of the federal government and the Public Safety Commission and it was fortunate that arrangements could be made to bring them to Brainerd on the date mentioned.

### Arrangements Made.

A meeting was held at the Chamber of Commerce last evening at which plans for the big meeting were discussed at length. Representatives of community and national organizations were present and the unanimous sentiment was that the coming of these speakers with a message direct from Washington is of more import than mere words can indicate. Those at the meeting last evening were:

E. A. Colquhoun, representing the Crow Wing County Farm Bureau; R. R. Gould, Public Safety Commission; Mrs. W. H. Gemmell, chairman sixth district Woman's Auxiliary Safety Commission; R. B. Withington, Brainerd Business Men's association; Mrs. W. A. Fleming, Brainerd Chapter American Red Cross; W. C. Cobb, Public Schools of Brainerd; Miss Poulter, Federal Home Demonstrator appointed to the sixth district, and Fred T. Lincoln, secretary of the Chamber of Commerce. R. A. Beise, chairman of the war activities committee of the Chamber of Commerce was unavoidably detained and unable to be present.

### A Community Gathering

The importance of the coming meeting was fully realized by those at the conference last evening and the details so divided among individuals as to insure wide publicity, public interest and a large and representative gathering at the opera house on the evening of February 25.

The pastors of local churches will be requested to announce the lectures from their pulpits Sunday. Local people are urged to spread the news among their friends without the city and to extend to them the hospitality of their homes on this occasion, thus making it possible for many from a distance to attend and to remain overnight. The public schools will participate in the publicity and students and teachers will impress upon those in every home the significance of the coming meeting and the splendid opportunity to be afforded to learn, first hand, the inner facts of food conservation, what it really means and how it can be carried out in a practical manner.

Wide Publicity

Business men, through their organization, will be urged to not only attend the lectures in person but to encourage their clerks to do the same.

Announcement of the meeting will be made at the directors' meeting of the chamber of commerce Monday evening.

The American Red Cross will co-operate with its customary interest and announcement of the coming event will be made at the meeting of the executive committee Tuesday.

Every organization in the city, schools, churches, Chamber of Commerce, Red Cross, business men and all interested in making possible a community rally along practical and co-operative lines will be asked to assist in the details.

### Further Details

Further details of the coming lectures will be given in the press from time to time and meanwhile every loyal citizen, every parent and child, every young man and woman interested in the salvation of their country, for it resolves itself into that ultimate conclusion, is urged to set aside all other engagements for the evening of February 25 and to assist in giving the representatives of the government the reception and the hearing they deserve from a community, loyal in its every thought and action and ready and anxious to participate in steps by which the nation and the world may ultimately come into the blessings of a universal Democracy.

## Tuscania Dead Put on Honor Roll

(By United Press)

Washington, Feb. 16.—The war department today wrote on the honor roll of America's dead the names of 82 American soldiers who perished on the Tuscania. The list is the first installment of the casualty list from London.

## Brewers Not Excited Have Years Grain Supply

(By United Press)

Milwaukee, Feb. 16.—The brewers are not excited over the food administration's order restricting brewers in purchasing barley and other grains for malting. They say the order is only temporary, pending permanent adjustment. The brewers have a year's supply of grain on hand.

## Vatican Believe Peace Nearer Than Ever

(By United Press)

Rome, Feb. 16.—It is the unofficial belief at the Vatican that peace is nearer than ever. Wilson's latest speech has greatly impressed German democracy.

### GOV. S. V. STEWART

Urges Legislature to amend Montana seed grain laws.

An extra session of the Montana legislature called by Governor S. V. Stewart to consider war measures has just convened. Governor Stewart in his message recommended legislation upon ten subjects.

## President to Act in Ship Yard Strike

(By United Press)

Washington, Feb. 16.—If the walk-out of the wood workers in the eastern ship yards grows rapidly, the president plans to act definitely to end the strike. He is expected to drive at the heart of the difficulty by appealing to the men's loyalty. It is learned definitely that there will be no conscription of labor.

## Ship Yard Workers Being Called Out

(By United Press)

New York, Feb. 16.—As fast as union agents can visit the ship yards district the men are being called from work. At ten o'clock the unionists claimed 7000 were out.

## Enemy Submarine Bombards Dover

London, Feb. 16.—An enemy submarine bombarded Dover, killing a child and injuring six.

## Transfer of Troops Countermanded

(By United Press)

Rome, Feb. 16.—Newspapers say that Germany has countermanded the transfer of troops from the eastern to the western front on account of the failure of the Brest-Litovsk negotiations.

## Hindenburg an Octopus, Squeezing Germany Like Sponge

By William Phillip Simms  
(United Press Staff Correspondent)  
Copyright 1918 by United Press

Berne, Switzerland, Feb. 16.—Hindenburg is squeezing Germany like an octopus squeezes a sponge. A German officer approached a man with whom he was personally acquainted. He offered to sell Prussian military secrets for \$20,000. Being questioned, he broke down and said that his parents were aged and infirm and unable to get sustaining food. He wanted to send them to a neutral country with the money. He would then return to the front and try and get killed and if he failed he would suicide. The food situation in the central empire is bad. The last cabbage crop was a failure on account of the weather. The grain crop was below the normal despite reports to the contrary. This is due to a lack of nitrates for fertilizer, the nitrates being used for munitions. The German people have a saying even the stars fight against. Dogs have been eaten to the extent the breed has practically disappeared in certain districts, and crows have become a delicacy. Fats are almost totally lacking. I have heard again the story that corpses are reduced for the fat. Two nurses claim to have observed the process. The beer famine is growing. Parading, demanding food and peace, continues, with the troops steadily shooting the demonstrators down. Hindenburg is squeezing Germany and Austria dry to supply the army.

### American Sector Near St. Mihiel

(By United Press)

With the Americans in the field, France, Feb. 16.—The American sector is opposite Mount Sec. This is a great hill like a hump on the horizon. The mount is dotted with machine gun nests and observation posts. The hill affords the enemy observation of our territory like a perpetual sausage balloon. Mount Sec. is three miles north of Xivray, where the Americans were recently captured, and is ten miles south of St. Mihiel, and twenty miles north of Toul.

## Roumania Disappointed at President's Address

Paris, Feb. 16.—Roumania is vastly disappointed because of President Wilson's failure to mention her in the latest message to the world. If official encouragement is given Roumania during this critical period it would be the greatest aid in standing off the Teutons and the Russian Bolsheviks.

## Exempted Workers Will be Redrafted

Washington, Feb. 16.—Provost Marshal General Crowder says that striking ship yard workers who were exempted for industrial reasons from the draft will be returned to the army unless they return to work.

### HEAVY FLOODS AT TOLEDO

Municipal Lighting Plant Threatened By Waters.

Toledo, Feb. 16.—Water rising in the streets from flooded Maumee bay, is threatening the city's electric light plant, and the municipality may be in darkness and without street car traffic. Workmen, drenched to the skin, are battling to keep the plant in operation, while the water has already risen within six inches of the fires.

The greatest flood in the city's history is probable. Three thousand men were laid off here by the Willys-Overland plant, whose operations are hampered by lack of electricity, and other concerns have laid off hundreds.

The Wheeling and lower terminal bridges are in danger from the ice floes, which are across the mouth of Maumee bay and liable to break at any moment.

Named to Handle Oil Supply.  
Washington, Feb. 16.—Mark L. J. Regan, head of the oil division of the fuel administration, has appointed T. A. O'Donnell of Los Angeles to take charge of oil production.

To Train Pigeons for Army.  
Camp Dodge, Des Moines, Iowa, Feb. 16.—A consignment of 50 pigeons is expected here soon as part of the equipment for the division signal corps. The adoption of these birds as a means of communication is held of the highest importance by signal officers, according to Major C. L. Eastman. Division signal officer tests on the battle fronts have proved the transmission of messages by pigeons to be 97 per cent efficient. The birds are not susceptible to poison gas.

The National Lutheran Commission for Soldiers' and Sailors' Welfare has sent out an announcement for a general campaign to raise \$750,000 during the week of February 18-25 to finance the first year's work for our soldiers and sailors. The estimate for a three-year period is \$2,500,000.

The estimates for the first year as reported by the Rev. Lauritz Larsen, secretary of the commission, at the Minneapolis meeting, are as follows: For the equipment of chaplains in the army and navy \$25,000; salary, equipment, and traveling expenses for six field secretaries, \$18,000; salary of 150 camp pastors and maintenance of brotherhood buildings, \$450,000; salary of 23 assistants at churches near army camps where no army pastors are stationed, \$37,500; work among interned prisoners, \$20,000; for the work in France, \$50,000; buildings, \$100,000; literature, \$35,000; office expenses, \$10,000; campaign for funds, \$10,000.

The \$35,000,000 for the Y. M. C. A., which our people helped to raise was over-subscribed and the sum raised was over \$50,000,000 and the Knights of Columbus are raising \$3,000,000.

Our people have also helped raise the funds for the Red Cross and we feel confident when this comparatively small sum is asked for our special work as a Lutheran church, we shall be able to report that the sum has been over-subscribed and that the necessary funds are at hand for the important work we are engaged in for the soldiers' and sailors' welfare. Our buildings at the cantonments and army camps will be opened to all and the work we propose to do will not by any means be confined to Lutherans, but we are taking up this work as a church unit for the benefit of all men with the colors.

## KEEPS ENEMY GUESSING

**Pershing's Sudden Shifts Bewildering to Hindenburg.**

No Matter Where Germans Strike, Americans Are There To Meet Them—Fine Strategy.

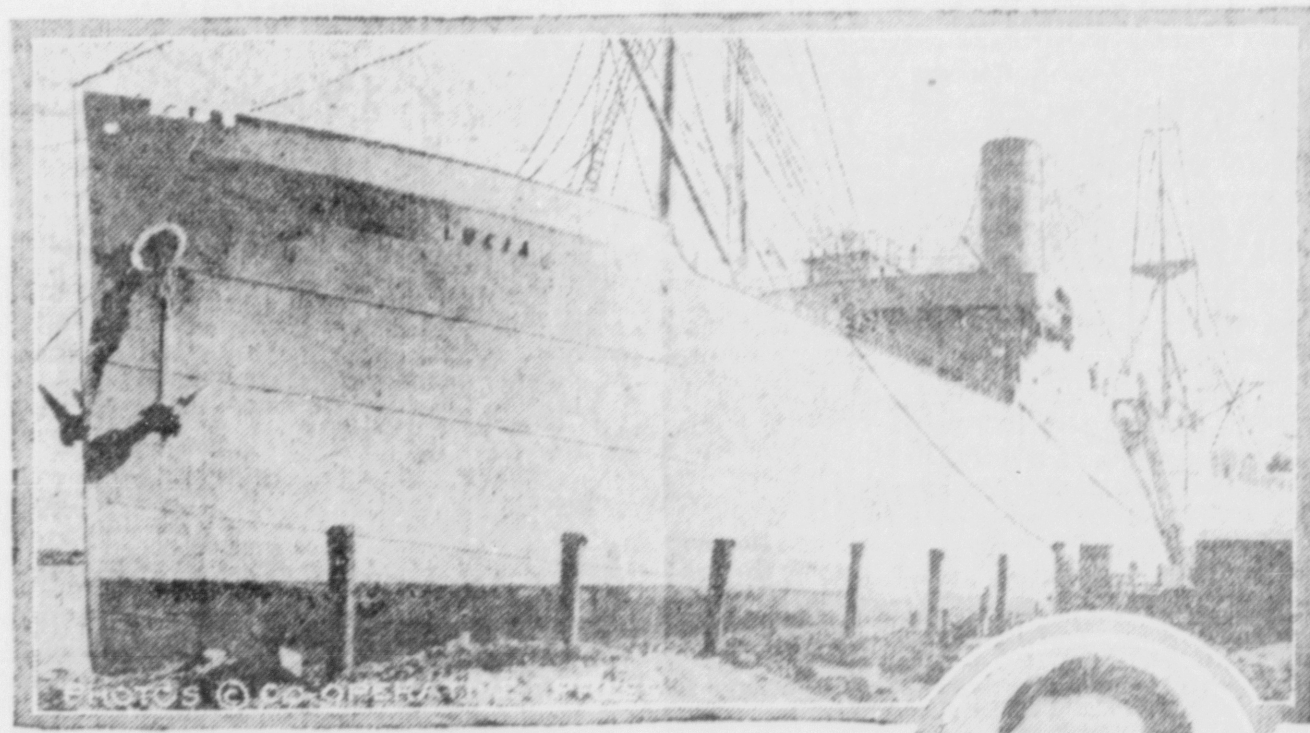

New York, Feb. 16.—By transferring part of his artillery to the Champagne front General Pershing has caused further bewilderment to Von Hindenburg.

Von Hindenburg is now undoubtedly trying to determine whether this new Pershing move means the American offensive will not be launched against Alsace-Lorraine at all, where heavy German reserves are concentrated, but will strike at a weaker section of the German front. Tahire, where the American artillery gave such valuable help to the French, is about 75 miles measured along the trenches, west of Xivray, the previous point at which German raiders located American troops.

No better preliminary strategy has been shown by any belligerent since the beginning of the war than is marking General Pershing's sudden shifts of his forces.

It is now totally impossible for Von Hindenburg to be even reasonably sure whether General Pershing has his main eye on Metz and the Rhine or whether he hasn't.

## Austrian Ship Made Unsinkable by Submarines, and Inventor

William T. Donnelly of New York City, consulting engineer and member of the government committee on ship protection, has applied his device to make ships unsinkable by submarines to the seized Austrian liner Lucia, and she is believed now to be safe from undersea boat attack. The device has been given without charge by the inventor to the government. It consists of a large number of wooden boxes three feet long by two feet wide and one foot thick, covered with sheet iron and solder to make

their air tight. These are placed against the hull within the ship and against the ceilings of her decks. Even when a vessel fills with water from the hole of a torpedo she will float, it is believed. The cost of installing the device is 10 per cent of the cost of the vessel. Mr. Donnelly says, and shipbuilders have told him they are anxious to go on with other vessels. Since insurance of ships has at times during the war cost 100 per cent, the price for installing the device is considered almost insignificant.

WILLIAM T. DONNELLY.

## SELF DEFENSE

DEFEAT BACKACHE AND KIDNEY TROUBLE WITH ANURIC.

Many people in Minnesota have suffered from rheumatism and kidney troubles and have found Anuric to be the most successful remedy to overcome these painful and dangerous ailments.

The lucky persons are those who have suffered, but who are now well because they heeded Nature's warning signal in time to correct their trouble with that wonderful new discovery of Dr. Pierce's called "Anuric." You should promptly heed these warnings, some of which are dizzy spells, backache, irregularity of the urine or the painful twinges of rheumatism, sciatica or lumbago. To delay may make possible the dangerous forms of kidney disease, such as stone in the bladder.

To overcome these distressing conditions take plenty of exercise in the open air, avoid a heavy meat diet, drink freely of water and at each meal take Anuric (double strength).

All pharmacists sell Anuric for 60c; or send Dr. V. M. Pierce, Buffalo, N. Y., 10c for trial package.

Boy River, Minn.—"I have used Dr. Pierce's medicines with good results in my family for years. Last winter I was taken with La Grippe and it left me run down and with pains in my hips and back. I took different medicines without getting any benefit. At last I sent and got some Anuric and took it and am feeling well and doing a good day's work. When I commenced taking the Anuric Tablets I could hardly get out of bed, felt as though a knife were sticking in my back."

## Valentine Party

Alice R. Johnson entertained fourteen of her friends at a Valentine party Friday evening at her home, 708 South Pine street.

The table was beautifully decorated with red ribbons and hearts and a large centerpiece of red carnations. The evening was pleasantly spent in games, prizes being won by Mayme and Gladys Britton.

A dainty luncheon was served to the following guests:

Mildred Jepson, Mayme Britton, Alice G. Johnson, Esther Gile, Myrtle Lindholm, Georgia Drexler, Helen Holden, Norma Hagberg, Gladys Britton, Mabel Britton, Fern Harrison, Ruth Everest, Cecile Morrison.

## Drama League

The Drama League will meet Monday afternoon at 3 o'clock at the home of Mrs. R. B. Withington. Mrs. Jas. M. Elder will read "The Man With a Dumb Wife," Tranzil.

## Bible Study Class

The Union Bible Study class will meet at the Y. M. C. A. Monday evening at 7:30 o'clock. Rev. J. P. Welliver is the leader and the class is studying the teaching of the Scriptures on the person of Christ. A social is being planned for the near future. Fifty-seven were present last Monday evening.

## Speaks on Martin Luther

Rev. A. Sorenson of the Norwegian-Danish Lutheran church will give a paper of "Martin Luther" at the Ministerial association Monday morning at 10:30 o'clock. All those interested among the clergy are asked to be present.

## BACKACHE IS A WARNING

Brainerd People Should Not Neglect Their Kidneys

Backache is often nature's most frequent signal of weakened kidneys. To relieve the pains and aches, to remove the lameness when it arises from weakened kidneys, you must reach the cause—the kidneys. If you have pain through the small of your back, urinary disorders, headaches, dizzy spells, or are nervous and depressed, start treating the kidneys with a tested kidney remedy.

Doan's Kidney Pills have been proved good and are especially for weak kidneys. Doan's have been used in kidney trouble for over 50 years. Here is convincing proof of merit. It comes from this locality. T. C. Hallstead, farmer, Star Route, Garrison, Minn., says: "I took Doan's Kidney Pills for lameness in my back and I am pleased to say they did me a world of good and cured me of my trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hallstead had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## UNIQUE WINDOW

Cantonment at Rockford, Ill., and Officers Quarters Shown in H. F. Michael Window Display

G. A. Beale of the H. F. Michael Co., has arranged a very unique window which is attracting no little attention. In the center is a 14-foot picture of the cantonment at Rockford, Ill. This gives a splendid idea of the camps at which our boys are being trained for service in France. Below this picture is the picture of the officers' quarters at the same camp.

These pictures were sent to his mother by Sergeant Edwin Blake. George Day's face is also to be seen in the picture, as he too is training at Camp Grant.

Grouped about the window are war saving stamps, Thrift stamps and posters urging the public to save them.

## Jerred-Deschane

Last evening at 7:30 o'clock occurred the wedding of Leo John Jerred and Rose Louise Deschane, who were united in the holy bonds of matrimony at the Methodist parsonage. Rev. F. W. Hill, pastor, officiating. The beautiful Methodist Episcopal ring service was used.

The groom is the son of Mr. and Mrs. John Jerred of Clare, Michigan. He is a promising young man in the employ of the Parker & Topping company foundry.

The bride is the daughter of Mr. and Mrs. Melvin Deschane of Brainerd. The bride was attired in blue silk with white satin trimmings. She carried an arm bouquet of white and pink carnations. Miss Anna Verkenness, a friend of the bride, acted as bridesmaid and Elmer Deschane, a brother of the bride, acted as groomsmen.

These young folks will make their home in this city where the best wishes of many friends are extended to them as they start out on their wedded journey.

## Presbyterian Missions

The missionary society of the First Presbyterian church met at the home of Mrs. J. A. McKay Friday afternoon and listened to several papers on matters of great missionary interest by the various members. The society was entertained by Mrs. Moses Maxwell.

## Thought He Was "Kidding"

One day a Dublin grave digger working very hard broke his spade. He sent his little son for a new one and told him to tell the shopkeeper he would pay him when he was finished. When the boy came back empty-handed, his father asked him why he did not bring the spade. "Because," said the boy, "he chased me away when I told him you would pay him when you came out of the grave."

## MARKETS FULL OF BUYERS

"Business Never Better," Said H. F. Michael Returning From Chicago Buying Trip

H. F. Michael and buyers have returned from Chicago where they have been selecting merchandise for the H. F. Michael Co. Miss Anna Pills, who went in the interest of the millinery section, returned to Minneapolis. She will be in the department about March 1st. Miss Selma Anderson of the garment section, is visiting Mrs. Roy Jones in Rockford, Ill., and will return to Brainerd sometime next week.

Mr. Michael states that not only are goods high priced but very scarce. Despite all this, he said, that the demand is enormous and merchants visiting the markets said that their business was never better. The market was full of buyers.

## CORINNE GRIFFITH

Makes Her Bow as Star of Screen Sunday at Best in "The Stolen Treaty" Play

A brand new screen star will be seen here Sunday when "The Stolen Treaty," a Greater Vitaphone Blue Ribbon feature, is presented at the Best theatre. She is Miss Corinne Griffith, who is the new leading woman of Earle Williams. Miss Griffith has been with the Vitaphone company for about eighteen months and has appeared in a number of important productions, but this is the first picture in which she is featured as a star.

Miss Griffith is a New Orleans girl, born in the Crescent City twenty years ago, and is the first member of her family, so far as she is aware, who ever appeared on the stage. She is the daughter of a well-to-do merchant and was reared in one of the many convents in the old Creole city.

Her entrance into the movies was purely accidental. As soon as she came out of the convent, she became a great society favorite and was induced to pose in tableaux at the Mardi Gras balls of the famous New Orleans carnival associations. Her beauty was so striking, she was entered in a beauty contest and won first prize. In this way she attracted the attention of one of the Vitaphone directors, Mr. Sturgeon, and he induced her to enter the business. That was about eighteen months ago and since then she has appeared in many important roles. She was advanced to stardom when Edith Storey left the Vitaphone ranks.

## Sunday School Conference

There will be a Sunday school district conference at the South Long Lake Presbyterian church under the direction of Rev. J. P. Welliver Sunday morning and afternoon. Several local speakers will be present to aid in the workers conference. This will be the prelude to the conference which will be held in Brainerd the following Sunday.

## Opportunities.

The reason opportunities are neither recognized nor embraced lies in the composition of the tissues, the flesh, and the blood, called man. One man perceives one kind, his blood brother sees a lesser or many better ones. John pushes through the habits he acquires all too early; James overcomes the temperament he and his nine brothers partly inherited.

Rodenkirchen, Miss Mildred Skauge, accompanist.

The general public are cordially invited to attend these services.

St. Paul's Episcopal Church  
First Sunday in Lent. 10:30 holy communion and sermon, subject "The Social Necessity for a Permanent Lent." The war is teaching us strange lessons. We are learning the lesson of self denial. We are being compelled to question the ordering of our lives in matters of eating and drinking, money and work. We are beginning to realize the deeper motive for religious abstinence. Its principle is that of social necessity. 11:30 Sunday school. 4:30 vesper service and sermon, subject, "Mystery in Religion." The popular demand today is to do away with mystery especially in religion. Modern intelligence demands a religion which will fit completely within the four corners of reason, be fully contained within intellectual categories. There is a grave danger lest the churches or perhaps it would be better to say, the ministers condescend to the jargon of the hour, and compromise with the world. Is the intellect capable of comprehending life? Browning said in irony that there is now a higher tribunal than God, the educated man. Life, birth, death, immortality or annihilation are all mysteries. Religion stripped of mystery would be a corpse. All are welcome.

## Surprise Party

A surprise party was given Henry Anderson of 1324 Oak street Friday evening on the occasion of his 56th birthday. Twenty-five friends were present and an enjoyable evening was spent in cards and conversation. Refreshments were served. Mr. Anderson was the recipient of a number of gifts.

## Y. P. C. E.

The Y. P. C. E. of the First Congregational church will meet Sunday afternoon at 5:30 following vesper service. Rev. Sheridan will be leader and speaker. Special music will be, piano selection by Miss Dorothy Fisher. All are cordially invited.

Crucifix Probably Centuries Old.  
An old crucifix bearing the date 1734 was found by a man in Tyrone, Ireland, the other day, while he was engaged in putting a new floor in his kitchen to replace an earthen one. The crucifix was found about 15 inches below the surface, embedded in the clay, and appeared to have been carved out of a solid block of white oak. It was in a perfect state of preservation, save that the right arm of the cross was somewhat decayed.

**"Wheatless Weeks" Are Seen.**  
Washington, Feb. 16.—Members of the Wheat Growers' association here to demand that the government raise the price of wheat from \$2 to \$2.75 per bushel, held a meeting with senators and congressmen from 10 Western states and told them that wheat is being fed to hogs because it is cheaper than corn, and that unless the price of wheat is raised the farmer will find it financially impossible to raise it this spring. They said under present conditions "wheatless weeks" are likely.

**NO MORE BARLEY FOR BEER**  
Order to Cease Buying Issued—Bread Formula Effective.

Washington, Feb. 16.—All brewers, maltsters and other firms in the United States engaged in the production of malt have been ordered by the federal food administration to cease buying barley. In connection with the issuance of the order it was said by the food administration that it is estimated that the maltsters of the country have barley stocks on hand sufficient to operate their plants for periods of three to six months.

Barley recently has advanced rapidly in price following the promulgation of new orders covering its use as a flour substitute. The food administration also put into effect today the Victory bread and bakery product formula which was not to have been effective until Feb. 24.

## "AMERICA AWAKE" CAST SELECTED

First Meeting of Cast and Chorus Sunday Afternoon at 2:30 O'clock at Elks Hall

JAMES W. EVANS THE DIRECTOR

Two Performances in Brainerd February 27-28, Crosby March 1, Benefit Red Cross

If the enthusiasm with which all responded to an invitation to assist in producing the Elks show, "America Awake," to be presented here on Feb. 27 and 28, is maintained through the rehearsals, and the production, an unequalled success is assured and the greatest hit by local talent will be realized.

Alive to the necessity of immediate relief for the boys "over there," a most hearty and cheerful response came from all to the committee and those whose strict observance of Lent has heretofore been religiously carried out, have waived the established rule and are ready and willing to assist.

The churches have offered no objection to their members taking part, but on the other hand have given hearty approval to the project and are anxious for its success.

Father J. J. O'Mahoney gave full permission both personally and in the name of the church for members to participate for which the committee are duly appreciative.

Others communicated with were well-wishers for the undertaking and offered to assist all possible.

The first meeting of the cast and chorus will be held tomorrow afternoon at 2:30 at Elks hall at which time the parts will be assigned and regular rehearsals start.

James W. Evans, the producer, has great confidence in Brainerd's talent as he says he knows from what he has heard that he can produce a "first night hit" in the time allotted.

Kets which are exchangeable for reserved seats will be in the hands of solicitors the first of the coming week, and indications point to "standing room only" for both performances.

Crosby and Ironton are "on the job" and the ball is already rolling toward a capacity house and a nice sum added to the Red Cross treasury.

## THIRD OF U-BOATS SUNK

Swiss Engineer Says Germans Conceal Extent of Losses.

Future Submarine Policy of German Government Is Expected to Be Announced in Reichstag.

Geneva, Feb. 16.—Germans are making every effort to conceal their submarine losses, especially from the navy, because of increased difficulty in mustering crews, a Swiss engineer employed for the last 10 months at the electrical works at Kiel, declares.

He estimated the Germans lost 30 per cent of their submarines during the time that he was at Kiel.

"I saw a score of submarines lined up in the canal undergoing repairs," he said. "They had been hit by depth bombs, which the Germans seem to fear greatly."

The engineer added that there had been two serious mutinies at Kiel during 1917.

To Outline U-Boat Policy.

Amsterdam, Feb. 16.—Friedrich von Payer, imperial vice chancellor, is expected to make an announcement before the next session of the Reichstag of the government's future submarine policy, according to the Frankfurter Zeitung.

Much significance is found in the fact that the emperor has summoned Admiral Eduard von Capelle, minister of the navy, and Admiral von Holtzendorf, head of the naval general staff, to attend a conference being held at the main headquarters.

## ARMS FOR FINLAND SEIZED

Held in Stockholm Harbor—Workers Threaten Strike.

London, Feb. 16.—Great quantities of arms and munitions bound for Finland have been seized in the harbor of Stockholm, the Social Democrats of Stockholm says, according to an Exchange Telegraph dispatch from Copenhagen. Half a million cartridges, it is said, were delivered there to the order of an alleged private individual. Workmen in the Vesteras factory have stop work if exportation of munitions informed the government they will be permitted.

## CARL O. ARNESTAD

Passed Away at Farm Home in Long Lake Township, Funeral to be Held Monday

Carl Ingvald Arnestad, age 40 and single, passed away Friday evening at the home of his aunt, Mrs. John Hagen, in Long Lake township. Lung trouble was the cause of his death. He leaves three aunts, Mrs. John Hagen and Mrs. Nettle Edlund of Long Lake and Mrs. Dorothea Hagen of Madison, Wis.

Mrs. Arnestad was born August 28, 1877, in Norway and coming to America, farmed in this country. The funeral will be held Monday afternoon at 2 o'clock from the home of Mrs. Hagen, Rev. A. Sorenson, pastor of the Norwegian-Danish Lutheran church, officiating. Interment will be in a cemetery near the home.

The sympathy of the community is extended to the bereaved family.

## Proceedings in Bankruptcy

In the District Court of the United States for the District of Minnesota, Fifth Division.

In the Matter of Valentino Fedrizzi, Bankrupt.

To the Honorable Pace Morris, Judge of the District Court of the United States for the District of Minnesota.

Valentino Fedrizzi, of the Village of Oshby, in the County of Crow Wing and District aforesaid, bankrupt, respectfully represents that on the 6th day of March, A. D. 1917, last past, he was duly adjudged bankrupt under the Acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said Acts and all the orders of the Court, touching his bankruptcy.

Wherefore, he prays that he may be decreed by the Court to have a full discharge from all debts provable against his estate under said Bankruptcy Acts, except such debts as are excepted by law from such a discharge.

Dated this 5th day of February, A. D. 1918.

(Signed) VALENTINO FEDRIZZI, Bankrupt.

United States District Court, District of Minnesota, Fifth Division, ss.

On this 13th day of February, A. D. 1918, on reading the foregoing petition, it is Ordered by the Court, that a hearing be had upon the same on the 25th day of April, A. D. 1918, before said Court, at Duluth, in said District, at 10 o'clock in the forenoon; and that notice thereof be published in the Brainerd Dispatch, a newspaper printed in said District, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the Court that the Clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their place of residence as stated.

Witness the Honorable Pace Morris, Judge of the said Court, and the seal thereof, at Duluth, in said District, on the 13th day of February, A. D. 1918.

## OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

## RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from

# Gossard CORSETS

## Wonderful Gossards

To see the wonderful new Gossard Corsets designed for Spring is to involuntarily stop and marvel.

Years of concentrated effort in the manufacture of the celebrated Gossard Corsets have resulted in the production of these wonderful garments. Gossard Corsets have arrived at their greatest excellence; have achieved their highest effect in contributing to the beauty and loveliness of women.

This season an array of materials, fabrics and trimmings of rare beauty, daintiness and durability such as have never been used before have been cut and wrought into these wondrous designs, which Gossard originates.

Can we promise you a greater boon than perfect health and priceless comfort? For these Gossards are carefully and skilfully designed, and that woman that fails to wear one this season misses her opportunity to improve her figure to its utmost in beauty and contour.

**Select the Gossard Designed  
for Your Figure Type—at the Price  
You Wish to Pay**

There are NINE IDEAL Figure Types—  
Which Is Yours?

One of the types illustrated is a counterpart of yourself properly corseted, and this desirable result is only obtained through the wearing of the Gossard model especially designed for your particular figure. Graduate corsetiers, trained in the Gossard schools, will assist you in selecting the corset, if desired, or in fitting it, if you prefer.

### Ideal Average Figure.

We carry an exceptionally complete stock of models for this type. We recommend especially model 241 at \$2.25 and model 574 at \$5.50. Others at the price you wish to pay—\$2.25 to \$8.50.

### Ideal Large-Above-the-Waist Figure

The typical French figure, which is larger above the waist, may be fitted in a variety of Gossard models, each of which cleverly accents its charms. Ample fulness at the back confines the full shoulder blades and gracefully curves the bust into a smartly defined waistline. Models for this figure are available from our stock at prices from \$2.25 to \$8.50.

### Ideal Short, Slender Figure

Short, slender women will find in the models designed for them a priceless comfort in the free modeling of the hips, in the light and pliant materials used, in the gentle molding of the waist to a more perfect line—giving the appearance of a fuller bust. Our stock will care for the needs of this figure at prices ranging from \$2.25 to \$8.50.

### Ideal Tall Heavy Figure

Gossard designers have shown infinite skill in corseting the tall, heavy figure, distributing the flesh, supporting the full bust and abdomen, reducing the hips and molding the whole figure to slighter lines, giving the appearance of greatly reduced weight. There are many special models designed for this type, at prices ranging from \$2.25 to \$8.50.

### Ideal Short, Heavy Figure

The smaller waist silhouette, so greatly to be desired in the short, heavy figure, can readily be attained in the Gossards designed for this type. These models support the flesh at the back so that it always rests in the corset, and eliminates the broken figure line at the bust so commonly seen in figures of this type. Garments for this figure are carried in our stock in a complete run of fabrics, styles and prices.

### Ideal Tall, Slender Figure

Because the tall, slender figure is so difficult to fit comfortably, Gossard has designed special numbers for this type, lightly boned over the hips and combining, most delightfully, the advantages of comfort and style. Models 263 and 66 are especially good at \$2.75 and \$6.50, respectively—their being, of course, supplemented by a number of other models in a variety of materials and prices.

### Ideal Large-Below-the-Waist Figure

Women who are large below the waist do not require made-to-order corsets since Gossards came. These scientifically designed models confine and reduce the thighs, distributing the flesh in better proportion and giving the appearance of a fuller bust. Elastic inserts allow the long skirt to give freely to the movements of the body. Our corsetiers can fit you at the price you wish to pay.

### Ideal Short-Waisted Figure

Many a woman's figure, otherwise perfect, is marred by a too short waist. These new Gossard long-gored, cleverly cut models have eliminated worry for women of this type—they are marvels of perfection in both materials and design, and provide most cleverly an improvement in the short-waisted figure. We have these models in every fabric and at popular prices.

### Ideal Curved Back Figure

The curve-back needs a corrective corset. Gossard has designed for this figure a complete selection of models in a variety of prices, each of which will accomplish a reduction of the lower back without undue pressure or restraint. If your figure requires a corrective corset our graduate corsetiers will be more than pleased to serve you.

### Gossard Misses' and Junior Models

It is essential that the growing girl be correctly corseted during those important years of development which lie between girlhood and womanhood. Insure her height by guarding her width—provide for her figure-future by starting her now in scientifically designed Gossard Misses' or Junior model, modestly priced at from \$1.50 to \$2.50.

We have two graduate corsetiers at your service—talk to them, let them help you.
